

YOU NEVER KNOW.

Plumbing involves many work routines that could generate harmful materials in the air you breathe.

Take welding, grinding, and demolition work.

There's a high risk that such jobs release toxic fumes, not to mention extremely dangerous substances such as asbestos. And you might never notice.

With a Sundström Basic Pack at hand, you are always prepared for effective protection from countless types of hazards common to the plumbing profession.

Call us today to find out how you can stay safe and where to get your Sundström Basic Pack.

BASIC PACK
