SE400 PADDED BELT AND BRACES USER INSTRUCTIONS

Attach Breathing Hose with "Velcro" strap

Pass SE-Talk cable over left shoulder and hook SE-Talk onto front of Belt Braces

Belt Braces cross over at rear; straight at front

Belt Braces transfer weight to shoulders. Padded Belt can be used with or without Belt Braces.

Optional configurations of Breathing Hose:

- Over right shoulder
- Around right side (under shoulder)
- Around left side (under shoulder)

The fan unit can be rotated to suit, at its attachment.

Padded Belt and Braces with SE400 (Breathing hose over right shoulder)
