
Data Sheet: S.E.A. breathing hose

For supplied air

Description	Hose suitable for breathing air or air supply to spray guns and other air-fed tools
Inner tube	EPDM, black, smooth
Reinforcement	Aramid, braided
Cover	EPDM, black, smooth
Temperature range	-40°C to +120°C
Special properties	— Heat resistant — Anti-static
Branding	Printed in green ink
Couplings	CEJN dual-action safety couplings
Diameter	9.5 mm
Wall thickness	4 mm
Electrical properties	Conductive tube and cover, $10^3 \text{ ohm/m} < R < 10^8 \text{ ohm/m}$
Working pressure	10 bar
Bursting pressure	80 bar
Bending radius	125 mm
Weight	0.24 kg/m

Available lengths

5–80 m
